Profile

I am a passionate Front End Developer who loves problem solving, learning, and daily growth. I have excellent oral, written, and interpersonal communication skills.

Experience

Poly — June 2018 — Present

Front End Developer Santa Cruz, CA.

- Led a website reskin working closely with the UI/UX design team
- Built out AEM page templates and component front ends based off of PDF design documents
- Built a solution finder application with React to assist in customers finding the right solution for their needs
- Lead front end developer in charge of day to day maintenance and upkeep of the website
- Made educated decisions on which front end frameworks to use for our site

Plantronics — June 2016 — June 2018

Web Developer Santa Cruz, CA.

- Wrote a web scraper using Java and jsoup to improve websites support section which was failing in responsive design
- Built out products feeds for third party integrations using JSP
- Saved the company money from a reoccurring contract by building a mobile app for our Executive Briefing Center using HTML, CSS, JavaScript, and Cordova
- Built custom AEM components based off of written and visual requirements from the business
- Was the lead in upgrading our AEM platform from AEM 6.2 - AEM 6.4
